

IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF NEBRASKA

UNITED STATES OF AMERICA,

Plaintiff,

vs.

CHRISTINA WALKER,

Defendant.

8:17-CR-59

TENTATIVE FINDINGS

The Court has received the revised presentence investigation report and addendum in this case. The defendant has filed an objection ([filing 92](#)) to the presentence investigation report.

IT IS ORDERED:

1. The Court will consult and follow the Federal Sentencing Guidelines to the extent permitted and required by [United States v. Booker](#), 543 U.S. 220 (2005) and subsequent cases. In this regard, the Court gives notice that, unless otherwise ordered, it will:
 - (a) give the advisory Guidelines respectful consideration within the context of each individual case and will filter the Guidelines' advice through the [18 U.S.C. § 3553\(a\)](#) factors, but will not afford the Guidelines any particular or "substantial" weight;

- (b) resolve all factual disputes relevant to sentencing by the greater weight of the evidence and without the aid of a jury;
- (c) impose upon the United States the burden of proof on all Guidelines enhancements;
- (d) impose upon the defendant the burden of proof on all Guidelines mitigators;
- (e) depart from the advisory Guidelines, if appropriate, using pre-*Booker* departure theory; and
- (f) in cases where a departure using pre-*Booker* departure theory is not warranted, deviate or vary from the Guidelines when there is a principled reason justifying a sentence different than that called for by application of the advisory Guidelines, again without affording the Guidelines any particular or "substantial" weight.

2. There are no motions that require resolution at sentencing. The defendant objects to the presentence investigation report, arguing that the drug quantity amount as reflected in the plea agreement results in a base offense level of 30 under U.S.S.G. § 2D.1.1. [Filing 92](#). The presentence report recommends a base offense level of 32.

The plea agreement stipulates that the defendant be held responsible for at least 500 grams but not more than 1.5 kilograms of methamphetamine. [Filing 87 at 3](#). The defendant

argues that she ought to be held responsible for the quantity of methamphetamine as set forth in the plea agreement. And that quantity triggers a base level offense of 30. *See* U.S.S.G. § 2D1.1(c)(5).

The Court will resolve this matter at sentencing.

3. Except to the extent, if any, that the Court has sustained an objection, granted a motion, or reserved an issue for later resolution in the preceding paragraph, the parties are notified that the Court's tentative findings are that the presentence report is correct in all respects.
4. If any party wishes to challenge these tentative findings, that party shall, as soon as possible (but in any event no later than three (3) business days before sentencing) file with the Court and serve upon opposing counsel an objection challenging these tentative findings, supported by a brief as to the law and such evidentiary materials as are required, giving due regard to the local rules of practice governing the submission of evidentiary materials. If an evidentiary hearing is requested, such filings should include a statement describing why a hearing is necessary and how long such a hearing would take.
5. Absent timely submission of the information required by the preceding paragraph, the Court's tentative findings may become final and the presentence report may be relied upon by the Court without more.

6. Unless otherwise ordered, any objection challenging these tentative findings shall be resolved at sentencing.

Dated this 20th day of April, 2018.

John M. Gerrard
United States District Judge
